Employment of an Innovation Assistant

We employ an innovation assistant in the period from the 01.11.2019 until 31.10.2021.

- In this project, the innovation assistant's task is to develop and operate the various innovation processes related to Finoa's trading infrastructure.
- The goal of this project is to develop a professional trading infrastructure (trading platform) for digital assets.

Funded by the Ministry of Economics, Labour and Energy from the European Social Fund and the State of Brandenburg.

Employment of an Innovation Assistant

We employ an innovation assistant in the period from the 01.04.2020 until 31.03.2022.

- Within the framework of this project, the Innovation Assistant's task is to promote the development of the novel product "Staking" and thus complement the range of services offered by Finoa GmbH.
- The aim of this project is to expand the company's service offer and to offer a Staking-as-a-Service function to Finoa's customers.

Funded by the Ministry of Economics, Labour and Energy from the European Social Fund and the State of Brandenburg.
