

To all ROSE holders,

With the integration of the Oasis Network into Finoa's custody solution, we are proud to provide token purchasers a regulated environment to safeguard, manage and stake their ROSE.

Finoa Custody Features

-  **Highly Intuitive Interface**
-  **Military Grade Security**
-  **Regulatory Compliance**
-  **Multi Asset Productivity**
-  **Multi-Signature Processing**

Multiple staking delegation options

Clients of Finoa will also have the option to delegate and stake their ROSE directly from their Digital Asset Account, powered by leading technology and staking providers such as:

How to deposit and stake ROSE

1. Contact us directly at oasis@finoa.io
2. Once you've opened an account with Finoa a ROSE wallet address will be generated for your Digital Asset Account

Using your Finoa ROSE address, you can have your ROSE deposited directly into your Digital Asset Account – no minimum deposit required!

Supported Assets

About Finoa

Finoa is a regulated custodian for Digital Assets, servicing professional investors with Custody and Staking. Our platform enables users to securely store and manage their crypto-assets, while providing a directly accessible, highly intuitive and unique user-experience, enabling seamless access to the ecosystem of Digital Assets and Decentralized Finance.

A trusted and regulated entity

Finoa was founded in Berlin in 2018, has received a preliminary crypto custody license (§64y Para. 1 KWG) and is supervised by the German Federal Financial Supervisory Authority (BaFin).
